GREETINGS FROM HIPPOCRATES CIRCLE

2010 New & Events

In 2010 we were pleased to celebrate the 10th Anniversary of the Hippocrates Circle Program. In the past ten years the program has affected the lives of over three thousand, 7th and 8th grade middle school students. Some of these students have already begun their educational journey towards attaining a career as a physician by finishing high school and entering college.

In the future, we hope to provide you with regular updates about Hippocrates Circle Programs across the region in this section. Check back for news and events from across the region.
